Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 1600 on Tuesday 26 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Becoming dry with long clear or sunny spells.

This Evening and Tonight:
Outbreaks of rain, sleet and snow, mainly across Lochaber and the south, clearing the south during the evening but some cloud lingering for a time. Drier across the north with clear spells, these spreading south overnight. Widespread frost developing. Minimum temperature -6 deg C (21 deg F).

Wednesday:
A largely dry day with some long spells of sunshine, almost unbroken across the north, but staying cold. Mostly light northerly winds. Maximum temperature 2 deg C (36 deg F).

Outlook for Thursday to Saturday:
Outbreaks of rain, sleet and snow in the south on Thursday and early Friday. Then dry with long clear or sunny spells across the region later Friday and through Saturday.
